SPECIFICATIONS

MOWING OF ROSE HILL CEMETERY DEERFIELD TOWNSHIP DURING 2018

GRASS CUTTING:

Grass shall be cut before the grass reaches 4" in height from the ground. Unless otherwise directed by the Township:

Mowing & Edging (Warm Weather) - Upright grasses (Bluegrass, Ryegrass, Fescue) will be mowed to a height of 2.5 - 3.0 inches in warm weather so as to foster photosynthesis and good root development.

Mowing & Edging (Cool Weather) - Upright grasses (Bluegrass, Ryegrass, Fescue) will be mowed to a height of 2.0 - 2.5 inches in cool weather so that grass will dry faster in the morning, minimizing the opportunity for rust disease.

MOWING PRACTICES:

All mowing equipment should be kept in good working condition. Mowers must be sharpened and adjusted frequently to assure a good clean cut. Grass should be mowed when it is dry, if possible. Mowing should not, however, be delayed for long periods of time because the grass is wet.

Contractor shall maintain all areas so as to be rut free regardless of conditions while mowing. Under no circumstances will cut grass be clumped together and left piled on top of the grass. The Contractor must remove clumped grass.

Cutting shall be accomplished in such a manner as to prevent clippings from being blown into or left on landscape areas, mulched trees, flower beds, ponds, or onto streets or sidewalks. The Contractor will promptly remove clippings, which end up in these areas, and no additional compensation will be made for removal.

Failure to adhere to these requirements will result in deductions listed on page 6 "Inspection of Work".

LITTER COLLECTION:

All litter shall be picked up prior to each mowing. This shall include the pick-up of all loose material in the area covered by the Contract. Litter must be taken from the area and disposed of at approved locations when mowing is completed.

TRIMMING:

Trimming of grass or other vegetation shall be performed at each mowing in all areas under Contract. Trimming shall be done around all curbing, sidewalk, walkways, fire hydrants, flowerbeds, fences, trees signs, headstones, etc. All trimming shall be accomplished to present uniform height with cut areas.

GRASS IN STREETS AND SIDEWALKS:

Cutting shall be accomplished in such a manner as to prevent clippings from being blown or left on streets or sidewalks. The Contractor shall be responsible for cleaning up all the cut grass on sidewalks or streets and disposing of it in the proper manner.

The following list describes the areas to be bid upon, including the parcel number and a description of the area. Additionally, a map is provided to help define areas to be bid. Please note that Deerfield Township reserves the right to determine which parks will be mowed.

I have no employees and will employ no other persons in conjunction with the completion of the contract duties. In the event that I am injured, have equipment malfunctions or if in any other manner I am prevented from completing the mowing services duties set forth in the contract, I will notify Deerfield Township in writing of my inability to complete the contract and will not, without further written authorization from the Deerfield Township, employ or allow anyone else to complete my duties. I make this statement for the purpose of inducing Deerfield to accept my bid upon the Contract as I am not covered by Ohio Workers Compensation and I understand that the Township is entering into the contract with me based upon my affirmation that I will utilize no other employees, independent contractors or workers of any kind in the mowing of _____
